

AUDITION FOR FULL TIME COMPANY MEMBERS

dance and music

ACE dance and music (ACE) is recognized as a national and international leader in the field of contemporary diasporic dance. Our signature style is rooted in traditional forms through collaborations with other artists, choreographers and musicians, expressing itself through a contemporary lens. Everything we do is dance and the nurturing and education of the next generation of talent is at the heart of all our work.

We are seeking to recruit talented, experienced dancers who are keen to push themselves and love to perform physically and emotionally driven work. With a minimum of three years training we are a dedicated team with high expectations and in return we are offering a full time contract in an environment that is as challenging as it is rewarding. This is a chance to join a Company that is committed to promoting the power of Dance through cultural exchange at an exciting time in ACE dance and music's development.

Please send your CV, show reels, a letter about why you are interested in joining ACE dance and music and a recent photograph of yourself to info@acedanceandmusic.com by Monday 24th September 2018 at 5.00pm.
